

# Training for Results in Sport

**EIS and Kent Sport are delighted to have joined together to develop a new SIMS Training course to support the full tracking and analysis of primary school use of PE & Sports Premium Funding.**

It is crucial that schools are able to clearly evidence how they have used their Primary School Sports Premium and the impact it is having on pupil outcomes as this forms part of the Ofsted Inspection Framework.

Attending this course will provide delegates with the skills to exploit the new SIMS Interventions functionality. Schools will be able to quickly analyse data to explore the impact of the funding and understand the effect on outcomes in areas such as attendance, behaviour and academic achievement.

It is recommended that all primary schools attend this course as they will now be able to clearly evidence the impact it is having on the school, and the analysis in SIMS will support future planning and allow schools to identify areas for improvement.

The skills you will learn on this course can also be used to track and monitor other key areas such as SEN Provision, Pupil Premium Funding and initiatives to improve academic attainment, behaviour and attendance.

Kent Sport have advised that the half day training course can be paid for using the Sports Premium Funding. To find out more and book your place visit [www.kentcpdonline.org.uk](http://www.kentcpdonline.org.uk) and search for keyword E472.

## Using SIMS Interventions to track Sports Premium Funding it is easy to:

- Provide evidence for OFSTED and School Governors
- Group together different activities under headings such as Change4Life, Coaching and competitions
- Register who is attending the sessions and after school clubs
- Report on how the funding has been used
- Monitor pupils against targets to evidence the impact
- Analyse the involvement of key vulnerable groups such as SEN, EAL and Pupil Premium children
- Generate reports and graphs showing a breakdown of your use of the funding for publication on your school website
- Produce individual pupil reports showing the activities they are involved in
- Calculate your spend under different headings, for each activity and for the Sports Premium as a whole
